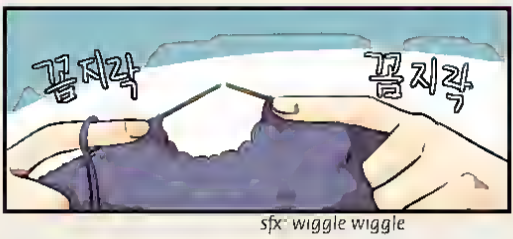
It's been a long time since I last saw you.
I got quite lost because you were in a place like this!
Huh? Why did you come here?
I had something to ask you. What were you doing?
My hobby.
You must have been peeping on people again.
Is everyone alright?
Seeing them yourself is worth all the books of travel.

See for yourself.

After story

King of Light, Chung Ha, Hwa In, Hye Yeon



sfx: wiggle wiggle

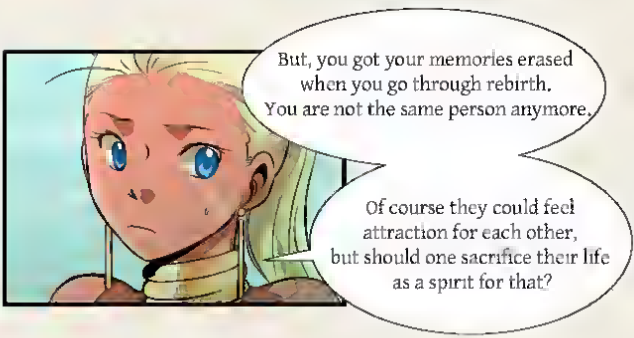
sfx: piles of knitting

sfx: knits

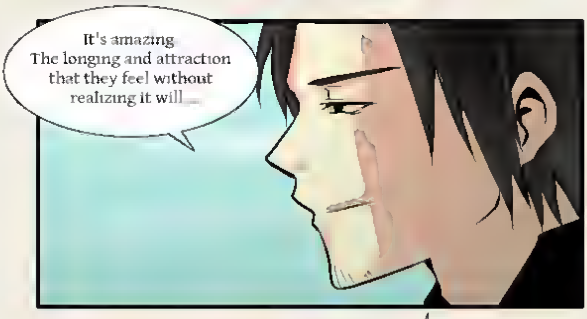
All four of them switched their cloth making methods.

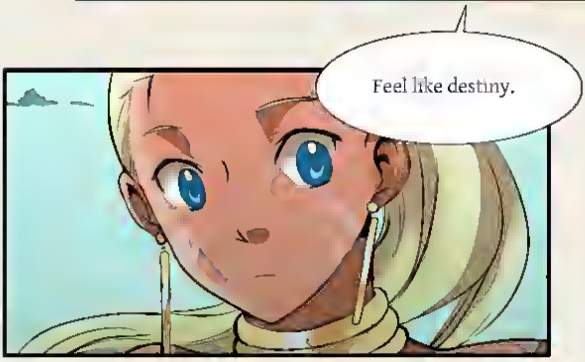
Gyon Woo's brother and his lover

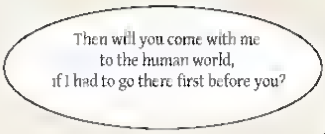
You must be feeling lonely because your brother left you without saying anything
Not really....
I am a cool spirit of wind for hello's and goodbye's.
I worry about them a lot but I don't miss them

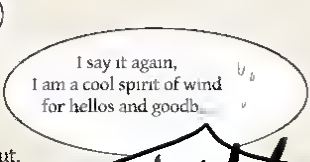


But, you got your memories erased when you go through rebirth. You are not the same person anymore.
Of course they could feel attraction for each other, but should one sacrifice their life as a spirit for that?

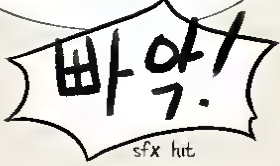




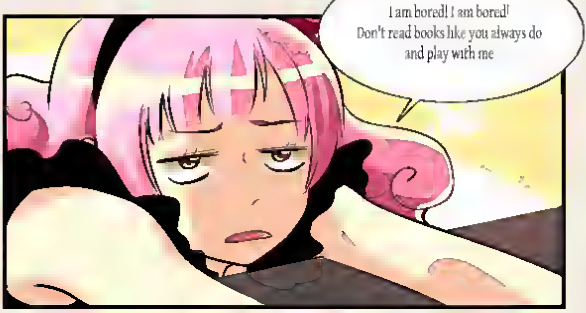


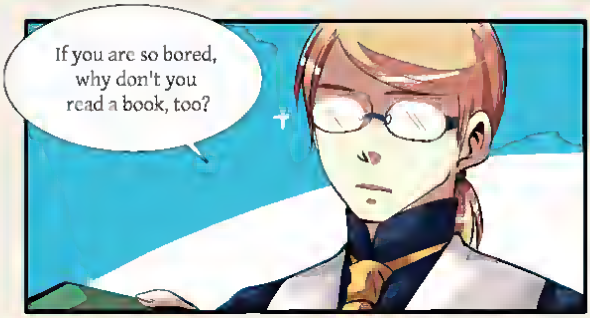


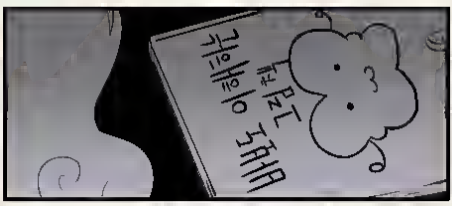
It's amazing that they are still going out.



Loki and Twotoeight







Book. A picture book that even idiots understand.

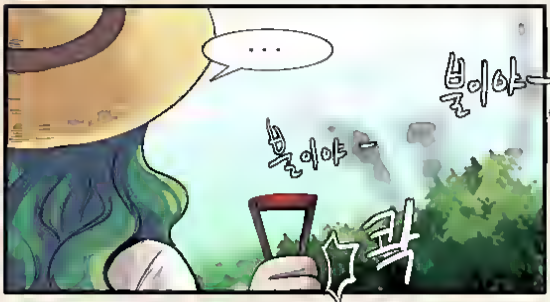
Well...She is cute that way
Should I play with her tomorrow?

They are quite a good combination.

sfx Kyaaa sfx Jumps Same as always

Queen of earth

small text Fire~ There is fire~



sfx clench She can do 'the embrace of earth' three second faster now.

Everybody is doing well
Let's see the human world
for a bit

sfx startled

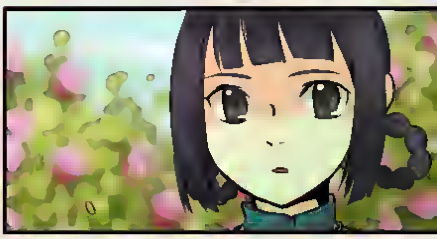
You girl!
Didn't I tell you many times
to make a sign
when you come near me?

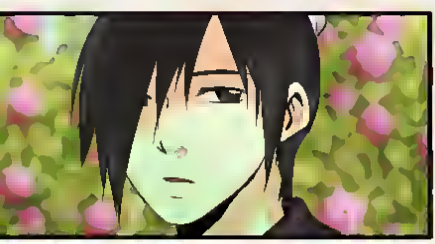
My appeal is that
I suddenly appear
out of nowhere!

The mystifying longing attraction

that you feel for

somebody you first meet





must be destiny

Afterword in full scale

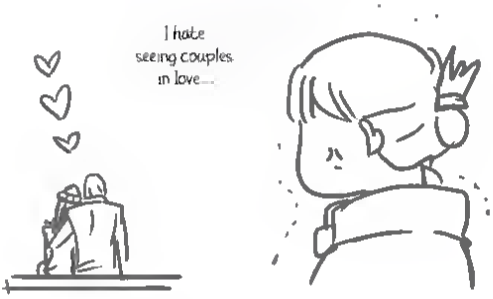
Hello. This is Yuria. It has been long yet short eight months to me
Winning the Prize at "Tomorrow Anystar"
when I first started out still feels like a dream to me
It was supposed to finish at episode 24,
but I was lucky and could continue it to episode 33. The plan changed suddenly,
so the flow was a bit vague at the end. But I am deeply moved that it was finished!

As you can see, the most important lesson of the whole story is growth.
Jik Nyu who couldn't trust anybody for a thousand years,
started to have the courage to take the first step towards somebody.
She was growing up for the first time

I tried to make her grown up... Hm,,,

I made the core of story like this, so Gyon Woo was like an extra character.
I tried to make him do things and spent episodes on it,
but I felt that the story was going to be too long
Therefore, I ended the story before it got too slow.
Because of that, the part that I started changed into sudden development
I will take this as a lesson, and will take more caution when I add new episodes.

There actually was a thankful couple which gave me
the idea of Gyon Woo and Jik Nyu's story.
I was waiting for the subway train on a cold winter day
and found a couple who was close together and showing affection for each other.



I didn't see it at first, but when I looked more closely,
the face of woman was a little strange
The woman had burn scars on half of her face.

When I saw that couple on a cold winter day,
my heart was touched and I thought to myself
that I really should draw this. Its output is Gyon Woo and Jik Nyu.

I am sometimes curious about how those two are living now

There was a lot of problems and lot of things lacking in my work.
Thank you for all the people who were together with me on this.
The background was helped by Bethu_ManggoManggu, Jwidor.
Coloring was helped by Giri, Dak, Riz_Mongble, Slash_SimHwa_Asahina
Universefly_Banya, Chike, Pik, and Harel. I
f these people were not there, then the characters would have lived in a white world.
And thank you all for the other people who supported me mentally
and lent me their extra characters. I learned a lot
The regret that you feel for what s going to happen next will be filled 5 years or 10 years later.
Please look after me in the future ^^
-from Yuria

The setup of the story was going to take too long,
so I am going to post it on my blog soon. Thank you again.
